

# AI-Driven Intent

## Decode Buyer Behavior Instantly

*See beyond the noise with first-party intent: track signals at the contact, account, and website level.*

### Contact-Level Intent

- Identifies individuals researching your solution
- Tracks engagement across sessions
- Flags high-intent behavior instantly

### Account-Level Intent

- Maps activity to accounts
- Detects buying group momentum
- Shows intent aggregation across roles

### Website Intent

- Deanonymizes website visitors
- Identifies what they care about
- Enriches profiles with complete firmographic data

*Make every signal actionable for your business.*
